

Mobile Imager™ for iPod Touch 6

Aila's Mobile Imager connects associates and customers on Apple's iPod Touch 6. The pocketable device features TrueScan™ technology for easy and accurate bar code scanning with one hand. Retail associates can share product details, inventory information and suggest additional products at the point of decision.

Features

- **SLEEK DESIGN** Market-leading form factor delivers true one-handed experience and pocketability
- **SUPERIOR SCANNING** Omni-directional 1D/2D scanning with native image support and software configurability
- **BATTERY FREE** Uses Lightning cable for charging, so no additional chargers are needed
- **RETAIL READY** Easy left- or right-handed scanning in a durable-yet-sleek design
