

# AnoMate™

## Hanging fabric just got a whole lot easier.

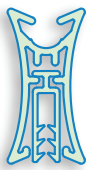

The AnoMate provides a revolutionary way to hang fabrics and other light substrates. Utilizing GraphicMate™, the AnoMate holder provides exceptional holding strength. Used with Rose Displays' patent-pending AnoMate insert, the GraphicMate provides a strong hold on paper, cardstock, plastic, or even traditionally troublesome substrates such as fabric.

- Simple to use – just slide your graphic with the GraphicMate into the AnoMate for a strong hold.
- AnoMate is the exclusive graphic holder using GraphicMate to display retail graphics.
- Ideal for holding fabric substrates without any bunching or rippling.

Cut to your exact specifications. For other sizes, call for pricing. Pricing excludes GraphicMate.

### Technical Information

Stock finishes are black, and clear anodized aluminum for Round and Square profiles. Stock finishes for Concave and Plus profiles are black and clear anodized aluminum. Custom colors also available; 10,000ft. minimum and an up charge will apply. Call for pricing.

AnoMate insert is clear PVC.

Available accessories are shown for Round and Square profiles. Different accessories may be needed for Plus and Concave profiles.

GraphicMate is applied to the graphic by the printer prior to store delivery.

GraphicMate with adhesive may not stick to certain types of polyester fabric. For these materials, GraphicMate without adhesive will need to be sewed on by the printer.

\*Concave and Plus profiles are not compatible with AnoConnectors, Snap-In Wall Hangers, or Snap-In Off-the-Wall Hangers.

\*\* Concave profile is not compatible with Window Mounts.
