

EasyUp™ Magnetic Hanging

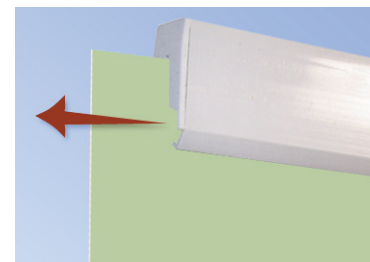

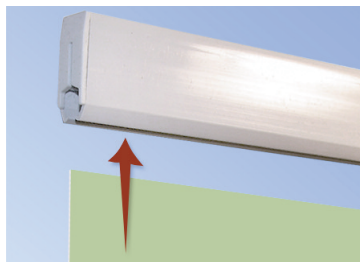

The fastest, easiest way to hang your graphics just got better.

With new high-power, neodymium magnets, the EasyUp Next Generation features superior strength relative to other magnetic ceiling anchors. Plus, this new version features both Anti-Gravity® technology and variable point capability, giving you the best of both worlds.

- High power neodymium magnets provide exceptional strength.
- Features both Anti-Gravity technology and variable point capability.
- Works with mini-grid and recessed grid.
- Can be used cross-grid to angle promotional graphics.
- Easy-to-use ladderless system.

Simply insert graphic into the Anti-Gravity channel for a secure grip. Slide out sideways to change.

Or use the variable point capability with cables and other hanging accessories for an off-the-ceiling look.

EasyUp Next Generation

Always cut to your exact specifications.

System Next Generation

Hanging graphics has never been easier with our EasyUp Pole.

Ideal for recessed ceilings and cross-grid promotions. Will not scratch tiles.

Anti-Gravity Technology Substrate Possibilities

	inches	millimeters	points
minimum thickness equivalent to: Plastic grocery bag	1/1000"	1/40 mm.	1 pt.
maximum thickness equivalent to: 3.5" floppy disk	1/16"	1 1/2 mm.	60 pt.

Sizes reflect combined laminate and substrate thickness.

Technical Information

Stock color is off-white.

Available in any length between 25" and 48".

Custom sizes are available for orders over 1,000 pieces. Call for pricing.

Order anchor/holder the next size over graphic size.

Works with min-grid and recessed grid; can be placed cross-grid.

Like all magnets, do not get them too close to watches (or anything with a battery), wallets, computers, pace makers, etc.
