

EasyUp™ 360

The easiest way to hang your graphics just got a new spin.

With the new EasyUp 360, your graphics can be displayed at any angle regardless of your ceiling tile direction. This new system features a full 360 degrees of mobility, allowing you to rotate your graphic to the best viewing angle – no matter where your grids are located.

- High power neodymium magnets provide exceptional strength.
- Swivels 360 degrees to place your graphic at exactly the right angle.
- Compatible with mini-grid and recessed grid.
- Works with the EasyUp 360 Pole for hanging without a ladder.
- Can be used with graphic holders or with hooks and a hole punched graphic.

Compatible with single non-locking hooks, cable and saucer, and cord or monofilament and barb.

The EasyUp 360 pole makes hanging your graphics quick and easy.

With a simple turn, you can rotate your graphic to the perfect angle.

Technical Information

Stock color is off-white.

Compatible with single non-locking hooks, cable and saucer, and cord or monofilament and barb.

Works with mini-grid and recessed grid.

If punching holes in your graphic, place them 11.25" apart.

For use with graphics up to 36" wide.

Like all magnets, do not get them too close to watches (or anything with a battery), wallets, computers, pace makers, etc.

Patent # 7,971,842.
