

FreedomFrame®

Aluminum front-load snap frames that give you the freedom of choice.

With our new FreedomFrame variants, your options are truly endless. Whether you prefer the traditional round profile, or our new square profile, conventional mitered or modern straight-cut corners, we've got a FreedomFrame for you. Need to hang mid-store? Now you can with our Back-to-Back version. Need a large format snap frame for your wall graphics? Now it's easier than ever with our new Do-It-Yourself FreedomFrame.

- Always cut to your exact specifications.
- Durable, elegant aluminum finish.
- Unique snap-open, snap-closed hinge for secure, easy access.
- Bold 1-3/8" wide rails.

Live Area Calculator

Graphic
8.5" x 11"

Live Area
7.5" x 10"

Color Options

12FF100

Shown in black anodized, and clear anodized

"Live area" is the amount of your graphic actually shown when placed in a frame. When you put a graphic into a FreedomFrame, a 1/2" margin is covered by the frame.

Straight Cut and Square Profile

Our popular FreedomFrame is now available in either round or square profile with mitered or rounded corners. Your choice!

Do-It-Yourself

Ships unassembled and without a backer board to save you money on shipping. Ideal for large format wall graphics. Choose round or square profile. Available with rounded corners only.

Back-to-Back

Hang mid-store with our newly redesigned double-sided FreedomFrame. Sturdier and more durable than ever, this double-sided frame can be used with cables featuring either a loop or saucer. Available in round or square profile, straight or mitered corners.

Substrate Possibilities				FreedomFrame Example	
Use only thin substrates.				Example Graphic Size	
maximum thickness equivalent to: 2 business cards	inches	millimeters	points	Miter Cut	12FF100
