

Menuboards Made Easy!

The new MultiTrim is the ideal frame solution for menu boards and can mount directly to your wall or fixture. Its unique design allows frames to lie flat against the wall while also giving you the ability to create multi-frame configurations for menu systems or collages.

- **Store staff can change graphics in seconds by simply sliding graphics into the frame.**
- **Save on shipping with a lightweight aluminum frame that ships unassembled and doesn't need a backerboard.**
- **Innovative rail design makes it easy for store staff to slide graphics in and out for changing.**
- **Frames mount evenly against most flat surfaces, making them perfect for fixtures.**

Always cut to your exact specifications.

Color options

MT Series
black anodized aluminum

MT Series
clear anodized aluminum

Frames mount evenly against most flat surfaces, making them perfect for fixtures.

Substrate Possibilities

Substrates should be rigid or semi-rigid. For thin, flexible substrates use backer boards or clear protective liners, sold separately. Please call for details.

	inches	millimeters	points
maximum thickness equivalent to: phone cord	3/16"	5 mm.	187 pt.
			
Sizes reflect combined laminate and substrate thickness.			

Live Area Calculator

Graphic
8.5" x 11"

Live Area
7.75" x 10.25"

"Live area" is the amount of your graphic actually shown when placed in a frame. When you put a graphic into a MultiTrim Frame, a 3/8" margin is covered by the frame.

MultiTrim Example MT Series

Example Graphic Size	
Horizontal Menu	
22" x 28"	3 Panes
Window Pane	
11" x 17"	4 Panes
Single Frame	
24" x 36"	1 Pane
