Make a statement with your visual displays.

When you first see the Newbury Collection, you can't help but notice its sleek, elegant charm. Its premium quality, anodized finish lends a soft, exquisite tone to your store décor. Its slightly beveled profile sweeps effortlessly from edge to edge, surrounding your graphic with brilliance.

Yet it doesn't sparkle. It doesn't sing. It takes a quiet step back and lets your brand image do all the talking. Its power is in the details.

And as all visual professionals know, the details are what make the brand.

Keep your brand in style at every turn.

The importance of brand image throughout your store is immeasurable. You crave consistency across displays so customers feel your brand at every turn. A single frame cannot possibly create the ambiance you need for a memorable brand experience. But this is more than just a frame. This is a brand augmenter. This frame adapts to you,
not the other way around.

Feel the difference of true durability.

Durability isn't something you can be promised. It's something you have to feel. As soon as you hold the Newbury Frame, you instantly know the true meaning of the word. Not only can you see its solid, screw-together construction, but you can feel its rigidity and stability. You grip its hefty rails and appreciate that this frame is different.
