

# ThinLine™ Frame

## A Sleek New Snap Frame that Whispers Elegance.

The ThinLine Frame was designed with elegance in mind. Unlike most snap frames, the ThinLine is engineered to provide an elegant, modern look to your visual display. Its concealed spring rails are only  $\frac{3}{4}$ " wide allowing your graphic to blend into the frame while also adding a chic finish. The frame itself sits only  $\frac{1}{2}$ " off the wall, perfectly complementing your décor and merchandising arrangement.

- Super thin rails provide a sleek, stylish look to your graphic.
- Concealed spring design creates the illusion that your graphic blends seamlessly with the rail.
- Available with miter-cut or corner block corners to create a clean, finished look.
- Multiple frames can be mounted next to each other for menu board or collage formats.
- Can be used outdoors as well as indoors.
